Mobile Accessories Website

CLIENT REQUIREMENTS

Questions and Answers

1. What is the main purpose of your website?

Answer: The main purpose of our website is to sell mobile accessories like chargers, earphones, mobile covers, power banks and cables online.

2. Which products do you want to display on your website?

Answer: We want to display mobile covers, chargers, USB cables, earphones, power banks and Bluetooth speakers.

3. What design and colours do you prefer for your website?

Answer: We want a simple and attractive website with a modern design. We prefer olive and beige colours.

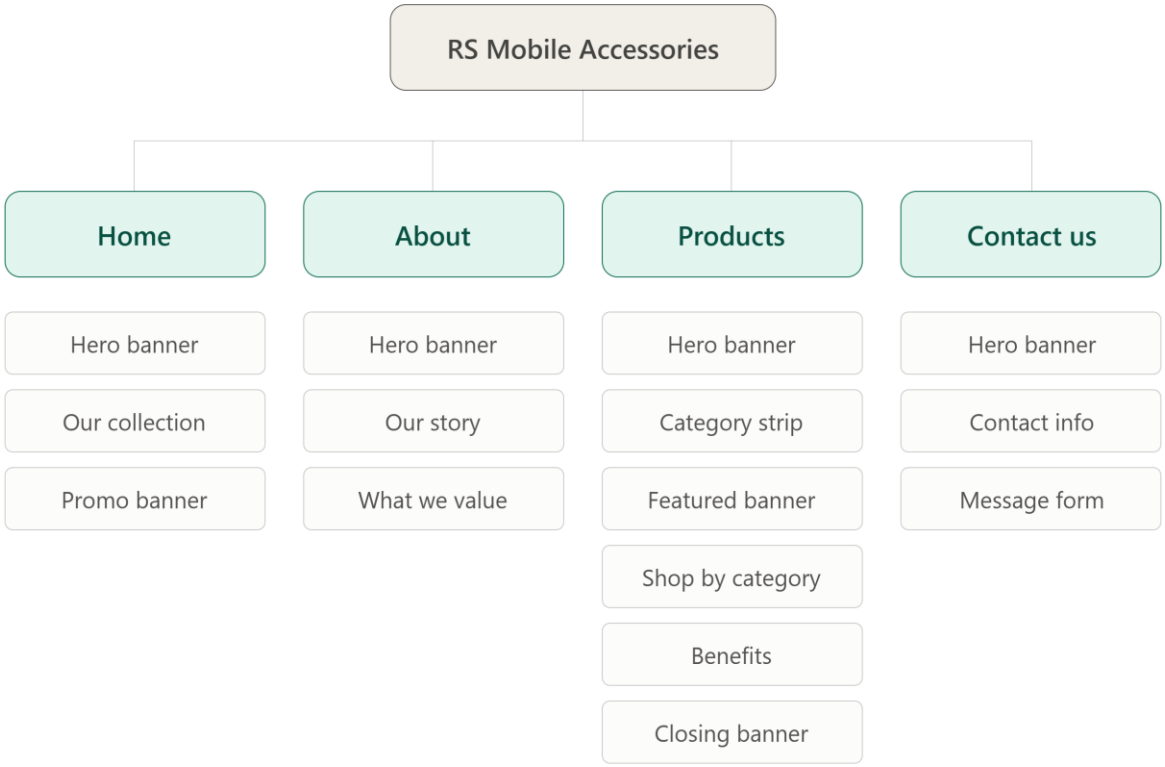

4. What features do you want on your website?

Answer: We want a Home page, About Us page, Products page and Contact Us page. Customers should be able to view products, check prices and contact us for orders.

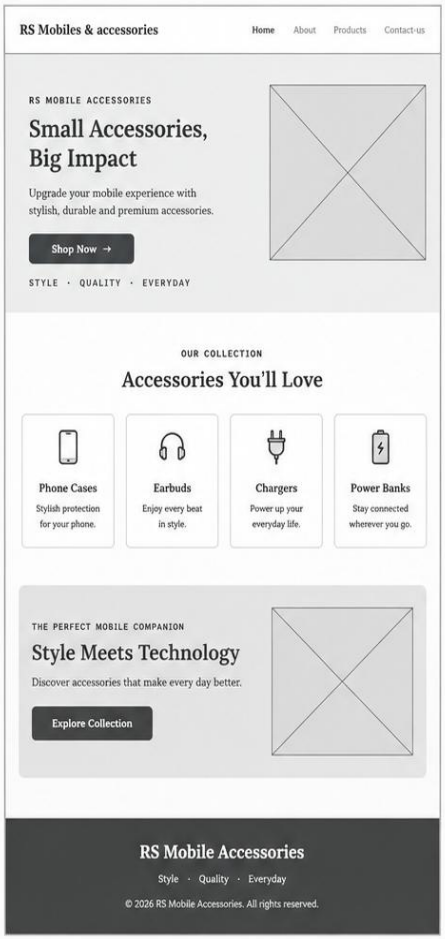

5. How should customers place orders and contact your business?

Answer: Customers should be able to place orders through WhatsApp or by calling us. Our website should also display our contact number, and shop address.

1. Why did we choose Beige and Olive Green?

We chose Beige and Olive Green for our RS Mobiles & Accessories website because these colours create a simple, clean, and professional look.

- Beige: Beige gives the website a warm, soft, and clean background. It also makes the content easy to read.
- Olive Green: Olive Green gives the website a professional and balanced appearance. It also creates a clear contrast with the beige background.

Together, these colours make the website look attractive without using too many bright colours. They also help maintain a consistent design across all pages.

2. Why did we choose these fonts?

We chose Arial and Georgia because both fonts serve different purposes on our website.

- Arial: We use Arial for normal text because it is simple, clear, and easy to read.
- Georgia: We use Georgia for headings because it gives them a stylish and elegant appearance.

Using two different fonts helps us create a clear difference between headings and normal text. This makes the website easier to read and understand.
